

PLATFORM PLANK SUBMISSION

The Elko County Republican Party Platform is the formal declaration of the principles we stand for and intend for candidates to uphold. It should describe a **core belief or value**, not a procedural action. The platform is adopted at the biennial County Convention. The platform consists of enumerated planks that are either brought forward from the previously adopted platform or by individual Elko County Republicans. Please review the current platform at <https://www.elkonvgop.org/platform-resolutions>, then fill out the following to submit a new or modified plank for consideration.
