

**AFFORDABLE CARE ACT RESOLUTION**  
**(adopted by the Elko County Republican Convention, March 1, 2014 and read into the**  
**proceedings of the Elko County Republican Convention, April 9, 2016)**

- Whereas it is the desire of Elko Republicans to increase the availability of quality, economical healthcare; and
- Whereas the long term effect of the Affordable Care Act ("Obamacare") as currently written will decrease the availability and the training of doctors and decreases the incentives for developing new medicines and medical devices; and
- Whereas the Affordable Care Act has increased the cost of healthcare; and
- Whereas the Affordable Care Act has decreased the quality and availability of healthcare; and
- Whereas the Affordable Care Act has forcibly canceled or negatively impacted the healthcare plans of millions of American Citizens; and
- Whereas the creators of the Affordable Care Act have exempted themselves from this onerous law, proving their arrogance and duplicity; and
- Whereas the United States Congress does not have Constitutional authority to regulate commerce between a patient and his or her doctor; and
- Whereas no other state with a Republican Governor is both running its own health insurance exchange and expanding its Medicaid program under the health law; now therefore

BE IT RESOLVED that President Obama and Senator Reid are hereby censured by the 2014 Elko County Republican Convention for their violation of the Constitution by their intrusion into the private healthcare choices of free American Citizens.
