

A Resolution of the Elko County Nevada Republican Party in Support of the Make America Great Again Movement

Whereas our great nation experienced unparalleled prosperity from 2016 to 2020 under the Make America Great Again Movement and millions of patriots watched with pride as the country they recognized and loved was beginning to be restored;

Whereas a record number of 74 million Americans voted in the last presidential election for the man that began the MAGA Movement and now watch in horror from the outside as the current President dismantles the progress of the previous administration;

Whereas the MAGA Movement attracted record numbers of historically Democrat voters;

Whereas the MAGA Movement stirs hope and inspiration with defense of American sovereignty, resistance to China's domination, tax cuts, strong immigration policies, walls around our borders, conservative judges, environmentally responsible energy independence, in-person voting, strong trade policies, limits on abortions, record low unemployment and support for our police; and

Whereas those inspiring policies are countered by the Democrat support of globalism, destruction of our economy with the "Green New Deal" using threats of climate catastrophe and the pandemic, ruination of our hard-won energy independence, demands for higher taxes, support for illegal immigration, walls and troops in our Capitol, universal mail-in ballots, censorship of conservatives and the prosecution of their political opponents;

NOW THEREFORE BE IT RESOLVED that the Elko County Republican Party:

- 1. whole-heartedly and enthusiastically supports the continuation of the MAGA Movement; and**
- 2. strongly urges our Republican leaders at the local, state, and national levels to adopt the policies of the Movement as their platform to give our loyal patriots hope and direction.**

This resolution adopted by the Elko County Republican Party in Convention, March 2, 2024.
