

RESOLUTION

WHEREAS the Republican Party has long supported a limited and fiscally responsible government, and;

WHEREAS increased taxation decreases the economic strength of our economy, and;

WHEREAS increased taxation rarely solves the underlying problem of excessive government spending, and;

WHEREAS our elected officials have disregarded the overwhelming 78.8% popular vote of the People of Nevada against Question 3 in November 2014,

THEREFORE, BE IT RESOLVED that the Elko Republican Party hereby severely reprimands the Nevada State Legislature and the Nevada Governor for raising taxes and failing to sunset temporary taxes, increasing the size and scope of state government, and;

BE IT RESOLVED THAT Governor Sandoval and all Republicans in the Nevada Assembly and Senate who imposed this greivous tax upon the people of Nevada have failed to act in accordance with the very principles that they claimed to hold, and;

BE IT RESOLVED THAT our esteemed Senator Pete Goicoechea and our esteemed Assemblyman John Ellison are to be commended for abiding by their true principles and standing in the minority against the increasing encroachment of government into our daily lives.
